Algebra, Functions & Trigonometry

AUGUST 3 DAY PREPARATION COURSE

Leaving Certificate (2016) Higher Level Mathematics

MONDAY, AUGUST 17th to WEDNESDAY, AUGUST 19th, 2015

(Time: 10 a.m. to 1 p.m. each day)

This course is an important pre-requisite for the 26-week (year long) Higher Mathematics courses that will be given at the Galway Study Centre, commencing from **September 2015**. It will focus on the most important topics on the syllabus, namely Algebra, Function (Differentiation) and Trigonometry as specified in the new Maths syllabus. While we will aim to build on the material that has already been presented to our pre-Leaving Cert Mathematics classes at Mill Street during the 2014-'15 school year, the August course will also be hugely beneficial to students who have never taken Mathematics classes at Mill Street. In addition, an analysis of the June 2015 papers will be undertaken as part of the course.

Study Notes

A detailed set of notes/solutions will be given to each student
