Algebra, Functions & Trigonometry

END OF JUNE 3 DAY PREPARATION COURSE

Leaving Certificate (2018) Higher Level Mathematics

Wednesday, June 28th to Friday, June 30th 2017
(Time: 10 a.m. to 1 p.m. each day)

This is an important course for higher level Mathematics students who will be commencing their final Leaving Cert year in September 2017. It will focus on the most important topics on the syllabus, Algebra, Functions (Differentiation) and Trigonometry. In addition, an analysis of the June 2017 papers will be undertaken.

While we will aim to build on the material that has already been presented to our pre-Leaving Cert Mathematics classes at Mill Street during the 2016 -'17 school year, our end of June course should be of great benefit to students who have never taken Mathematics classes at Mill Street.

Study Notes

Sets of notes/solutions will be given to each student
